

February 2021

Fish Camp

When we saw the weather was going to warm up in January, we jumped at the chance to run our annual Fish Camp. Edward Doctor, Paul Mackenzie and Alice Evans taught kids how to set the nets and fillet fish. The net was full of whitefish and loche with a couple of really big trouts. A HUGE mahsi to the Band for allowing us to use the tent frame on Mackenzie Island on such short notice. It was great to be able to take advantage of warmer temperatures as the cold weather has settled back in.

No School

Please pay attention to the calendar this month! There are 3 professional development days in February. There is no school on:

- Friday, February 12,
- Thursday, February 25 and
- Friday, February 26.

Trapping Camps
We are starting to plan Trapping Camps for the first two weeks of March. We will let you know when your child's class is heading out on to the land. Hopefully we will

get some warmer days! This is always a great camp as student learn how to trap and snare fur bearing animals, skin them and how to tan the fur. Students have been wearing mittens from animals that the school trapped.

Valentine's Day

Valentine's Day is right around the corner! With Covid restrictions things will be a little bit different. **Please do NOT send Valentine's cards or treats.** Each classroom has a supply of Valentine's cards for all students. We also have some really fun treats planned for the whole school on that day. We will celebrate Valentine's Day on Thursday, February 11.
